The warranty guaranteed by law remains unaffected. You can claim defects of the product in accordance with the relevant legal provisions. WACOM shall only be liable for itself and its vicarious agents if a material contractual obligation has been culpably breached in a manner jeopardising the purpose of the contract or the damage is due to intentional acts or omissions or gross negligence. A material contractual obligation is an obligation which is essential to the proper performance of the contract on which the other party will typically rely. In case that the culpable infringement of such a material contractual obligation is not due to intention or gross negligence, the liability of a party shall be limited to such damages being typical for the contract and which were reasonably foreseeable at the time of the closure of the contract. Where these Terms and Conditions preclude or limit liability, this also applies to the personal liability of the executive officers of the party concerned, its employees, agents and subcontractors. The provisions of the product liability law (Produkthaftungsgesetz) remain unaffected. If, when a claim made under this warranty is checked, it emerges that it is outside the permitted time period or is not covered by the warranty or that the product is not defective, the customer will reimburse WACOM for associated costs.
